Important updates

The Disability Resources Testing Center (DRTC) is utilizing AIM, a new web-based data management system that has replaced TrackerOnline. AIM provides a means for the DRTC to communicate and interact with faculty, staff, and students from one robust platform.

Scheduling Deadlines

- All exams should be scheduled at the beginning of the semester at least 5 business days before the first exam date. The deadline for final exams is 2 weeks before finals begin on 12-10-21.

- Any changes to scheduled exams (dates/times) can be submitted through the student portal and will need to be completed at least five (5) business days before the new date of the exam.

- If a student misses the deadline and the course instructor is unable to accommodate the student, they may have to take the exam without accommodations. Exceptions to DRTC deadlines may be approved on a case by case basis.

- Students should schedule exams with the DRTC only if their exam requires a proctor AND their professor is unable to provide the student’s exam accommodations.

- Students should wait to schedule their exams until they have finalized their schedule, determined that their exams will need to be proctored, AND their instructor has said they will be unable to accommodate the student.

- Students will only be able to schedule exams with the DRTC in a manner that is consistent with the course requirements (not student preference), and are subject to approval by the instructor.

Faculty Notification Letter

- A Faculty Notification Letter (FNL) must be requested through the student portal every semester a student wants to receive accommodations and before they are able to schedule exams.
Student Reference Guide

- Faculty will complete the Testing Agreement that is included within the FNL email they receive.

- After both of these steps are completed, the DRTC will be able to approve the exam request.

- To Request a FNL:
  - Click My Dashboard from the homepage
  - On the overview page of My Dashboard select all classes you wish to send letters for by checking the boxes
  - Click Step 2 – Continue to Customize Your Accommodations.
  - Ensure all accommodations you want to use for the specific class are selected
  - Click Submit Your Accommodation Request.
  - To confirm that your letters have been sent, go back to your Homepage
  - Next to each class you will see Requested which confirms your accommodation letters have been sent to faculty.
  - You will also receive a confirmation email for request.
